Pianos of National Reputation Prices That Command Attention

It is not unusual to hear of bargains in Pianos and Players but it's usually on instruments of little merit or Pianos of FAMOUS makes that are about worn out and which are worth but very little. Your best guide to buying a piano is the reputation of the house in the trade—if you go to an institution that you know handles only such recognized famous makes as KNABE, HARDMAN, A. B. CHASE, ESTEY, FRANCIS BACON FOSTER & CO., THE ANGELUS, THE AUTOTONE, THE AMPICO REPRODUCING PIANOS you take no chances whatever. In no other store can you find such a distinguished array of these leaders as you can view at the GREAT FREDERICK store-you will marvel at the great hosts of these Peerless Pianos that can be seen at FREDERICK'S-you will be amazed at the prices quoted-you will realize in a minute why this great house has prospered so. Photos of WORLD RENOWN at prices usually asked for ordinary instruments.

Quality is Here in Every Sense of the Word

Grand Pianos—Baby Grands—Tiny Grands—Upright Pianos—Player Pianos—Ampico Reproducing Pianos—in fact the very last word in perfection is here. Reasonable terms of payment can be made you if necessary—we don't offer the lowest terms that can be found in Pianos, because THE QUALITY OF OUR PIANOS is not of that find. BUT, nowhere in this whole universe will you be given more consideration in the matter of terms "considering the fast" that at this store only Pianos of class and distinction are shown and terms are very liberal, consistent with the quality. Our doors are open for you—it's to your own interest to buy here. Why not come today or Monday? Benkles ty. Our doors are open for you—it's to your own interest to buy here. Why not come today or Monday? Beakles the comprehensive array of new Pianos and Players, we have on hand some rare values in instruments returned from renting, some traded in on Players, some Players traded in on Grands and Reproducing; Pianos all put in perfect condition, some can hardly be told from new, a bargain is yours if you come here.

RUGS

Acknowledged Leader in Rug Weaving

The record of industrial progress shows no greater schievement than the wonderful carpets and rugs produced by the Whittall Mills at Worcester, Mass. They are the World's finest rugs

Because:

They embody the fine texture, rich designs, artistic colorings and long service of the Orientals at a fraction of the price.

They are handsome enough to grace the most elaborate mansion, yet by reason of their fair prices Whittall Rugs are within the means of the average home.

Beneath the beautiful patterns and colorings lie the splendid wearing qualities of the Whittall fabrics which will withstand the most severe test -even the weather-and retain their beauty of

They are woven with a three shot weave which affords a triple binding which locks each tuft firmly and securely.

They have sufficient body to keep their shape and lie flat. Whittall Rugs will never curl up and lose their shape.

Every bit of wool used in their making is imported from Asia where sheep grow wool that is longest, strongest and toughest in the world.

We take great pleasure in announcing that our fall stock of new Whittall Rugs is ready for your inspection. Handling only the very best-whatever it may be for the home—it is quite natural that the famous Whittall Rugs are shown exclusively at Aaron's. We have taken unusual pains this year to make our stock complete. On our second floor, devoted entirely to the display of floor coverings, may now be found a really wonderful collection of Whittall Rugs. They are very beautiful, a beauty such as only can be found in Whittall Rugs. Why not have the pleasure and satisfaction of having your floors present an admirable appearance. Come in, at least, and see this collection.

Are You Building a New Home?

When you buy a rug, of course you want a Good Rug. The Whittall is the best to buy because they are used all over the United States, and have stood the test in the best homes in the country. The name Whitiall is woven in the back. Insist always on getting a Whittall Rug. A Tasteless Castor Oil

A remarkable new process, perfected by Spencer Kellogg & Sons Inc., one of the world's largest manufacturers of easter oil, has made castor oil absolutely tasteless. Strength and purity remain the same. Nothing his been removed but that nauscating taste. This valuable new form of the good old family remedy is strongly recommended by up-to-date doctors and druggists. Children tike it without even knowing it is easter oil. I ike no substitutes. If you want a really tisteless easter oil, insist on Kellogg & Tasteless Caster Oil, inhoratory bottled, plainly labelled.
